

## INTRODUCING THE NEW STANDARD FOR MARITIME TACTICAL AND SPECIAL OPERATIONS PROFESSIONALS

### Sentinel™ Series – Tactical Operations Dry Suit (MSD674 TO)

Our Sentinel™ series tactical operations dry suit is a waterproof & breathable constant wear dry suit ideal for users engaged in potentially hostile military and law enforcement maritime operations which require immersed hypothermia protection that won't hinder the primary mission objectives. The MSD674 TO was specifically designed with feedback from Naval Special Warfare, select US federal tactical units and state & local police SWAT teams. The result is a durable, lighter and better fitting dry suit with features found on industry leading combat and tactical uniforms.

Exclusive to Mustang Survival, the Sentinel series dry suits feature:

- Mobility Based Sizing™ – offers users a semi-custom size fit that reduces bulk and increases mobility without the custom price tag
- Rapid Repair Technology™ – enables users to field replace neck and wrist seals and repair small leaks in an hour or less

| CLO           | Immersed Clo 0.66 when worn with Mustang Survival dry suit liner MSL600 and silk weight thermal underwear  |
| ACCESSORIES   | MA7348: Neoprene Survival Hood<br>MA2292: Zipper Lubricant   |

\*1050 Denier ballistic nylon offers higher abrasion resistance than Kevlar blends

## OPTIONS & ACCESSORIES

### SENTINEL™ SERIES – DRY SUIT LINER

MSL600 / MSL601 (with drop seat)

This dry suit liner provides extra insulation and thermal protection when in cold water and also helps reduce the thermal burden out of the water.

#### FEATURES

- A combination of Polartec® Classic 200 and Polartec® Power Stretch 4-way stretch with a durable, smooth outer layer that is abrasion resistant, and a soft inner layer that pulls moisture away from the skin
- Less bulky fit as a result of stretch fleece integration in lower back, arms and legs
- Specifically designed to work with Sentinel Series dry suits and is compatible with any Mustang Survival dry suit
- Fitting straps at the thumbs and ankles
- Machine washable

| COLOURS | ■ Black   |
| CLO     | Provides up to 0.66 immersed Clo when worn with a Mustang Survival dry suit and silk-weight next to skin thermal underwear                      |

### COMPACT TACTICAL LIFE PRESERVER

Auto Hydrostatic

MD3196 (auto)

The MD3196 is a compact life preserver that has been designed specifically for easy integration with MOLLE (Modular Lightweight Load-carrying Equipment) body armor and tactical vests that use webbing.

#### FEATURES

- Manual inflator with automatic hydrostatic backup
- 35 lbs (150 N) of buoyancy
- SecureZIP™ closure withstands rigorous activity and is easy to repack
- A three point attachment system provides quick integration to MOLLE style vests
- For wear without MOLLE, use Stand Alone Harness MA3090 (sold separately)
- Lightweight, comfortable and compact
- Can be converted to manual-only use with MA7219, Manual Conversion Cap (sold separately)

### TACTICAL INFLATABLE SIDE POUCH PFD

Auto Hydrostatic

MD1250 / MD1250 SO

The low profile MD1250 provides flotation capability with minimum bulk or interference using separate, independently operated left and right side pouches.

#### FEATURES

- Option to wear on a standard or padded LE belt or attach directly to Pouch Attachment Ladder System (PALS) webbing on Modular Lightweight Load-carrying Equipment (MOLLE) vests
- Sold as a pair (right and left units). Each unit provides 35lb buoyancy for a combined 70 lb buoyancy
- Includes Manual Conversion Cap, MA7219, for each side
